

# Side Discharge Bucket

FOR SKID-STEER LOADERS

PALADIN LIGHT CONSTRUCTION

*IT'S TIME TO THROW  
IN THE SHOVEL!*

Provides **Power & Precision**  
you need to lay Sand, Saw Dust, Feed  
and other materials for agricultural,  
road maintenance, and  
sandbagging applications!

# Side Discharge Bucket

## *Sand Discharge Bucket*

- Removable belt cover to keep weight off belt and reduce stalling
- 13-1/2" wide belt with 1/2" tall grouser
- Direct hydraulic drive for conveyor
- Right or left discharge
- Belt driven by cast steel sprockets
- Bucket edge drilled for bolt on edge
- No tool adjustment for discharge doors

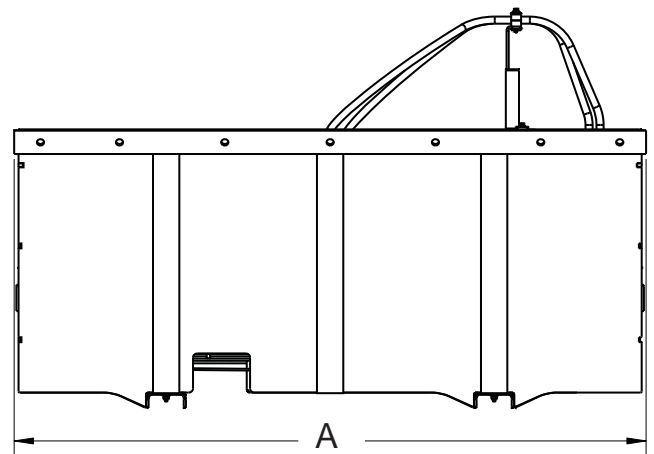

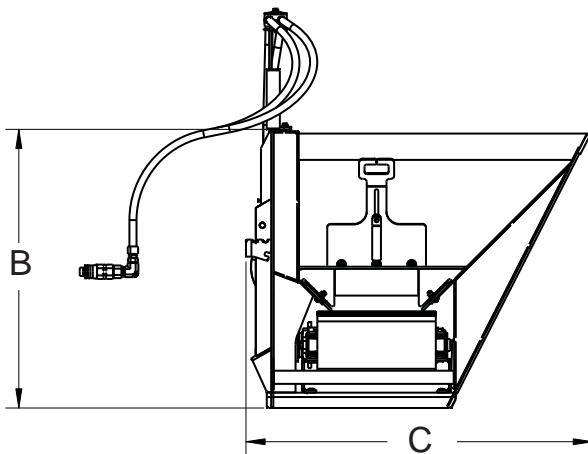

## *Saw Dust Discharge Bucket*

- Material agitator to prevent bridging
- Direct hydraulic drive for agitator versus chain and sprocket drive
- 15" wide belt with 1" tall grouser
